After your in-person courses, receive our complete Real-World Flight Planning and Execution Program consisting of 14 online, scenario-based courses which take you through interactive sUAS flight issues and emergency scenarios.

WHY OUR STUDENTS LOVE THIS PACKAGE

✓ Earn Your DARTdrones Wings

This package is the easiest way to earn your DARTdrones Wings to become a nationally recognized certified drone pilot.

✓ Eligible for TOP™ Level 1

By completing this package, you are eligible for the Trusted Operator Program Level 1 Certificate issued by the Association of Unmanned Vehicle Systems International. You just need to pay a \$250 certification fee.

✓ 99% Pass Rate

Our students have achieved a 99% pass rate on their first attempt when taking the Part 107 Exam.

✓ Expert Quality

All three courses are developed and taught by industry experts and licensed pilots ranging from US Navy UAS curriculum developers to Blackhawk Helicopter Pilots.

Can I bring my own drone?

For insurance and liability purposes, students CANNOT fly their own equipment during the course unless they provide proof of liability insurance with DARTdrones LLC named as an additional insured prior to the course.

Will I be ready to take my exam after the Part 107 Course?

We recommend studying for an additional 15-20 hours and scoring a 90% or better on at least 3 practice exams.

FAQ'S

How long do I have online access for?

6 months.

What is the typical class size?

Drone Pilot Training - 8 students max, Part 107 Test Prep - 15 students max.

When will I receive my DARTdrones Wings?

After completing all 3 steps in the Professional Drone Pilot Package.

SEE WHAT OUR 10,500+ STUDENTS ARE SAYING

- /// Just finished my two day weekend of classes with DARTdrones. This was an incredible experience. I highly recommend DARTdrones to help you get into the fast growing industry. I am ready to log some flight time and when I am ready, I will return for roof inspection and aerial mapping classes. Thank you Karl and DARTdrones for your patience and your knowledge. ///
- David
- /// The class went great. Colin was a great instructor and did an incredible job teaching the class. Throughout both days he effectively taught all of the information and kept the entire class involved. The power points and booklets on top of in depth description from the instructor create a great learning environment. I went into the class knowing nothing about drones and having never flown one to walking out of the class on Sunday with quality knowledge and a new interest. I want to thank you and DARTdrones for giving me this amazing opportunity and experience. /// - Charles
- /// I took drone flight training and FAA Part 107 Test Prep on a weekend in mid-December. I took my Part 107 test 2 weeks later and passed with a score of 97! So, yeah DARTdrones WORKS!!! Totally worth it!!! /// - Herb
- /// I highly recommend DARTdrones for training & other services. They are excellent & wonderful people to deal with. I did the Professional Pilots training, Wings, Top Operators, & many other courses. They also helped my company the night wavier from the FAA today & are writing up a procedures & policy manual for us. Looking forward to doing their next training. A great organization. /// - Kent
