Location: Muskingum Valley Educational Service Center
205 North 7th Street, Zanesville, OH 43701

Cost: Price \$1500 reimbursable through Ohio TechCred

Meet the Instructor:

Jerry White

Airline Pilot & Business Owner

Jerry White is an experienced professional commercial aviator spending several years as a commercial corporate pilot, charter pilot, and airline pilot. Along with his manned aircraft experience, Jerry is also a drone pilot, and aviation executive team member. His background as a small business owner, business consultant, and aviation safety manager give Jerry unique understanding of the role of utilizing and teaching sUAS operations. Jerry's experience as a manned flight instructor with over 4,500 flight hours awards Jerry valuable insight into teaching the complexities of aviation. Jerry also has an expansive background in television production, spending ten years as a professional news producer and videographer.

Jerry currently owns and operates an award-winning media production company in Austin, TX. He has used drones for such clients as the Discovery Channel, OWN network, ESPN, FOX, HGTV, commercials, and two feature films. Jerry has been instructing with DARTdrones since 2016 and teaches FAA Part 107 Test Prep, Basic Flight Training, Aerial Photography and Videography, TOP Level 1, and TOP Level 2. Jerry is versed in flying Inspire, Mavic, Phantom, and Flamewheel hardware and possesses an Unrestricted ATP (Airline Transport Pilot) Certificate – Multiengine, 2 Jet Type pilot ratings, and is a Certified Flight Instructor – Instrument.
